[Company Address]

Subject: Mim Khatun – applying for the position of **[Position Name]** at **[Company Name]**.

Dear Hiring Manager,

As an creative technologist and quick learner with hands-on skills in a wide range of software, tools, and programming languages, I am well-suited to lift up my abilities and qualifications thrive as the next **[Company Name]'s [Company position]**.

Over the past 1 year, as a [Name of Position], I have designed, developed, and launched customized, highly responsive websites and e-commerce solutions using advanced technologies. In addition, I have consistently met project milestones while working effectively in deadline driven environments. Please consider the following highlights:

- Designed and developed front-end for 30+ webpages using HTML5, JavaScript (ES6), CSS/Bootstrap/Tailwind CSS.
- Created user-centric e-commerce sites using various web technologies including React, Firebase and MongoDB.
- Also developed more than 3 full-stack projects with exploring ReactJS, NodeJS, Express, Firebase, MongoDB (NoSQL), tailwind/daisyUI, React-Bootstrap/Bootstrap.

I strongly believe, I could bring the same driven and attention to detail to strengthen your team in **[Company Name]'s**. In fact, reading about **[Company Name]'s** mission and how much you value the minutiae really resonated with me. Getting the opportunity to chat about life at **[Company Name]'s** would be fantastic.

Thank you for taking the time to review my qualifications and considering my candidacy for this position. I look forward to sharing more about my skills and experiences.

Sincerely,

Mim Khatun
